Total Points Expected **80** / 80 points

Grading Rubric Program 10

Program Description A paragraph defining purpose, data set, any other relevant information. (10 pts.)

The purpose of this program is to create a custom travel plan. First, it ~~first~~ asks to input which region you would like. Then it asks if you prefer hot or cold weather. The program sorts the weather based on the preferences. I used the weather Api.

Criteria	Proficient	Competent	Novice	Unsatisfactory
Organization 10 pts.	The main method has limited functionality.			All or nearly all functionality is in main method only. PROJECT SCORE: 0
Documentation & Readability 10 pts.	The documentation is well written and clearly explains code use. Code is exceptionally well organized and conforms to best practices.	The documentation is somewhat useful in understanding the code. The code is fairly easy to read and conforms to most best practices.	The documentation is minimal and/or the code is readable only to grader who has the assignment description.	The documentation is limited or non-existent and/or no modularization.
External Library 10 pts.	Project screenshot shows library in use			No library in project

Additional points (only one option will apply)

	Proficient	Competent	Novice	Unsatisfactory
(A) **Basic App** 0-20 pts	Code is complete, working, and has a screenshot of output.	Code is complete, almost works, and has a screenshot of output	Code is almost works, and/or a screenshot is provided.	Not working and/or no screenshot provided
(B) **Moderate App** 0-30 pts	Code is complete, working, and has a screenshot of output.	Code is complete, almost works, and has a screenshot of output	Code is almost works, and/or a screenshot is provided.	Not working and/or no screenshot provided
(C) **Advanced App** 0-40 pts	Code is complete, working, and has a screenshot of output.	Code is complete, almost works, and has a screenshot of output	Code is almost works, and/or a screenshot is provided.	Not working and/or no screenshot provided
Extra Credit	Creativity/humor demonstrated	Some creativity/humor demonstrated	Little creativity/ humor demonstrated	No creativity/ humor.
